

The Report Card

Quarter 1, 2018

The Members of Congress (MoC) Watchdogs issue group developed this report card to help you review the performance of your Federal MoCs against the expectations of [Indivisible](#). Your MoCs work for you, so our hope is that this will help you evaluate how well they're representing our shared interests. Helpful sources include [VoteSpotter](#), [Countable](#), [GovTrack](#), [VoteSmart](#), and [FiveThirtyEight](#). **We reached out directly to MoC offices when we needed clarification, and -- new to this issue -- we included their official response.** If you'd like to contribute or provide some feedback, please e-mail our editors at indivisibleca20@gmail.com. Please see [Gov Track's report cards](#) for a legislative perspective.

Non-federally elected officials: Check your state legislators' [Courage Score](#), the [Sheriff Scorecards](#), and [Meet your DA](#).
